Ward 6 Bageecha Mohalla Main Road, C.S.A. Nagar, India

PROFILE SUMMARY

Dedicated and skilled architect with comprehensive training in architectural design and visualization. Proficient in industry-standard software including AutoCAD, SketchUp, Revit, Photoshop, Lumion, and Enscape, with strong capabilities in developing detailed 3D models, producing high-quality renderings, and preparing precise working drawings. Recently graduated with a Bachelor of Architecture (B. Arch) from IPS Academy School of Architecture, Indore, in April 2025. Gained practical experience through internships and workshops, with a focus on 3D modeling, rendering, and working on detailed working drawings.

SOFTWARE SKILLS

- AutoCAD
- Sketchup
- Revit
- Photoshop
- Lumion
- Enscape

DOMAIN KNOWLEDGE

- Architectural Design Principles
- Sustainable and Green Building Practices
- Urban Planning and Development
- Structural Analysis and Design
- Construction Methods and Materials
- Landscape Architecture

EDUCATION

10th CBSE - Central Board of Secondary Education	2018
Patel Public School, Alirajpur, India	
12th CBSE - Central Board of Secondary Education	2020
Patel Public School, Alirajpur, India	
B. Arch (Bachelors of Architecture)	July, 2020 - April, 2025
IPS Academy School of Architecture, Indore, India	

CERTIFICATION

Remote Sensing and GIS in Planning Studies	August 7th, 2023 - August 12th, 2023
Appreciation Certificate for Photography	October 19th, 2023
Fevicryl Workshop	August 8th, 2021
RCC Workshop	April, 2022

INTERNSHIP

Struc-Terior Architectural Studio, Indore, India

March, 2024 - April, 2024

- **3D Modelling:**
 - Developed detailed 3D models for various architectural projects using software like SketchUp and Revit.
 - Created realistic representations of architectural designs to aid in visualization and client presentations.
- **Rendering:**
 - Produced high-quality renderings of 3D models to showcase the aesthetic aspects of architectural designs.
 - Utilized rendering software such as Enscape and Lumion to create photorealistic images.
- **Working Drawing:**
 - Assisted in the preparation of detailed working drawings, including floor plans, elevations, and sections.
 - Ensured accuracy and compliance with architectural standards and building codes.
- **False Ceiling Designing:**
 - Designed innovative and functional false ceiling plans for residential and commercial spaces.
 - Created detailed layouts and sections for false ceilings, ensuring precise implementation on-site.

Hiten Sethi & Associates (HSA) Navi Mumbai, India

June, 2024 -November, 2024

- **3D Modelling**
 - Created realistic representations of architectural designs to aid in visualization and client presentations.
 - Collaborated with senior architects to refine models based on feedback and project requirements.
- **Working Drawing:**
 - Assisted in the preparation of detailed working drawings, including floor plans, elevations, and sections.

FREELANCING

- Provided architectural design and visualization services to various clients.
- Developed customized 3D models and renderings for residential and commercial projects.
- Created detailed floor plans, elevations, and sections based on client requirements.

COMPETITIONS

HUDCO Trophy

December, 2022 - February, 2023

LIK Trophy

January, 2023 - February, 2023

INTERESTS

- Photography
- Riding bikes
- Gaming
- Exploring new place and things
