### Professional Summary

As a **Senior Interior Designer at Axi Design Consultants**, I bring both creativity and strategy to every project I take on. With a deep passion for transforming spaces, I specialize in **commercial interior design**—from sleek office environments to inviting retail spaces—crafting layouts that are not only visually impactful but also purpose-driven and practical.

Over the years, I've developed a strong foundation in **space planning, material evaluation, and AutoCAD drafting**, which helps me bring bold ideas to life while staying grounded in budgets and timelines. What drives me most is the client experience—ensuring every design reflects their vision, enhances functionality, and builds lasting trust.

I take pride in delivering high-end interiors that don't just look great, but truly **work for the people who use them**—that's where design becomes meaningful.

## MY PROJECTS

◆◆ Residential Projects (End-to-End Execution) ◆◆ Bungalow ◆◆ Apartment Residences ◆◆  
Other Residential Projects ◆◆ Hospitality Projects ◆◆ Clubhouse ◆◆ Commercial Projects  
◆◆ Office Design ◆◆ Retail Spaces

From **conceptual planning to final execution**, I have led a diverse range of residential projects, each tailored to meet individual client lifestyles and aspirations. My focus lies in blending **comfort, aesthetics, and functionality** while maintaining strong design identity and technical accuracy. A luxurious standalone home designed with a **modern architectural approach**, featuring custom interior elements, rich textures, and high-end material finishes.

- Executed with an emphasis on **space optimization, natural lighting, and client-centric aesthetics**, incorporating smart storage and bespoke finishes.
- Ranging from **contemporary to traditional** styles, each project involved careful planning, 3D visualizations, material selection, and execution within defined timelines and budgets.

Specialized in designing **inviting, experience-focused spaces** for the hospitality sector with an emphasis on ambiance, cultural influence, and user journey.

A large-scale leisure and recreation facility featuring multiple themed zones:

- **Banquet Hall** – A refined event space designed with acoustic panels, ambient lighting, and a sophisticated material palette.
- **Greek-Style Restaurant** – An immersive dining atmosphere with thematic design elements inspired by Greek culture and architecture.
- **Atrium** – A naturally lit central space offering visual openness and connectivity across functions.
- **Billiard Room** – A stylish lounge area crafted for comfort and social interaction, featuring moody lighting and contemporary décor.

Delivering **brand-aligned, performance-driven environments** for offices and retail setups, focusing on productivity, visual identity, and spatial functionality.

- Developed **ergonomic, collaborative, and modern workspaces** with strategic zoning, brand-centric color schemes, and tech integration for a seamless work experience.
- Designed to **enhance foot traffic, display efficiency, and customer interaction**, these spaces feature clean layouts, inviting atmospheres, and accessibility-focused design.
